TEAM MANAGER

Saturday 4th May 2024 sees Cyprus take on Malta in Rugby Europe Conference Pool D. This fixture will see Cyprus play at a new venue, the Tsirio Stadium, Limassol for the first time in what is always a keenly fought game between these two teams.

Unfortunately for both teams this will be only the second game they have played this season due to the current situation which has prevented Israel playing any games. Nonetheless we will rise to the challenge and give 100% on the pitch, as always.

The Squad will assemble in Paphos as usual where they will be based for the training camp before travelling across to Limassol on match day. It is important to have consistency and familiarity when bringing an international squad together and staying and training in Paphos gives us that.

The logistics around this fixture have taken a little more planning than normal as we are playing on Easter weekend however all the players are very excited to be playing at a new venue in what will be another tough game against Malta.

TEAM MANAGER

Games between the two teams are always hard-fought affairs and I don't see this one being any different.

We have selected a squad which is a blend of both experience and youth however they are all committed to the cause and will put their bodies on the line for the win.

Once again, we have 4 sets of brothers representing the Mighty Mouflons which is a fantastic achievement for a small rugby playing nation like Cyprus.

We hope that by playing the game in Limassol we will once again draw a large crowd like we did last time out in Cyprus when we played in Nicosia a year ago. A big crowd is essential to support the players and create a fantastic atmosphere to drive them on. If you have never been to watch a rugby match before, come along and cheer on the Mouflons.

LAST TIME OUT AGAINST MALTA

Saturday 4 November 2023
Hibernians Stadium, Paola, Malta
Malta 22 - 17 Cyprus

This past weekend saw our Mighty Mouflons take on old rivals Malta in the first match of the season. In a game where both sides looked to shake off the rust from the off season, it was a scrappy endeavor from both sides as they looked to string some constructive phases together and get points on the board. Unfortunately for Cyprus, Malta were more successful in this respect and managed to rack up a 15-00 lead at the end of the first half.

Despite trailing on the scoreboard as the sides went into the second half, Cyprus used the break to their advantage and came back as the much better side. Some individual brilliance across the park and hard determined team grit led Cyprus to bring the game back within reach at 22-17 with less than 10 minutes to play.

Unfortunately for our brave team, the game went to the home side as they managed to hang on to the lead. Despite some immense pressure on their try line, they turned the ball over on the last play to take the win. The game proved to be one of two halves as Cyprus dominated the second half on the board, scoring 17-7 against Malta.

Although the final score did not reflect the effort our team put out on the park, the Mighty Mouflons will be back with a vengeance in the games to come! Ela Kypros!
